

612 Readings

These reading assignments are for 612 students only. 612 students, you must complete all the readings by 3/22. I have included some recommended due dates that will keep you on track if you would like.

Reading	Recommended Due Date	Link to Sakai	Article
1	1/21 @ 11pm		
2	2/4 @ 11pm		
3	2/18 @ 11pm		
4	2/25 @ 11pm		
5	3/10 @ 11pm		

Instructions for each assignment

For each reading assignment, students will write a summary including:

- study background,
- why the author think the research important,
- statistical methods used to address the research question,
- and a discussion/critique on whether you agree or disagree with the authors' science and statistics.

You may write complete sentences under each bullet point. Please keep your summary to less than 1 page (margins are up to you). There are no requirements on formatting for references.
